Deker Trailers is a business committed to specialising in the supply and support of multi deck trailers. We offer premium specification trailers giving maximum flexibility for changing loading requirements and cost effective operation.

The range is led by the Deker ECODEK fuel saving trailer, which with its aerodynamic roof design, is proven in achieving valuable fuel savings when compared with traditional flat fronted trailers.

The benefits of multi deck trailers are far reaching, the obvious increase in volume provided through the multi deck system is complemented by the integrity offered to loaded products by reducing and in many cases eliminating the need for stacking, higher volumes result in fewer loads creating and leading to cost saving.

■ Deker services include

- Deker Trailers - New multideck trailer sales
- Deker Rental - Multideck trailer rental and contract hire
- Deker Resale - Used multideck trailers
- Deker Finance - Finance & leasing
- Deker Service - Trailer repair & maintenance service
- Deker Bodycraft - Multi Deck trailer damage repair and refurb
